

# Sensormatic® Supertag Series AM tag

The Sensormatic® Supertag Series represents the pinnacle of Sensormatic tagging technology. Spanning three generations — Sensormatic® Supertag I, Sensormatic® Supertag II, and Sensormatic® Supertag III — these tags are distinguished by their exceptional clamp mechanism, providing enhanced protection against unauthorized removal.

We highly recommend all the version of Supertags for a wide variety of items, including jeans, sports goods, outerwear, delicate clothing, and other similarly sized articles. Its subtle design makes it an invaluable addition to any existing AM system, seamlessly integrating into the retail environment while providing robust security.

## Benefits:

- Shrinkage reduction
- Employs top-of-the-line acousto-magnetic (AM) technology for superior anti-theft protection
- Features a robust clamp mechanism for enhanced resistance against unauthorized removal
- Each tag is accompanied by its own pin for immediate application
- Exhibits a sleek black or grey color for a discreet yet professional appearance
- Designed with unique lines that serve as a strong visual deterrent
- Compatible with all AM systems for versatile use
- Increased sensitivity ensures better detection rates at entry and exit points
- And much more!

## Applications:

- Loss prevention at retail stores

## Versions of Sensormatic® Supertag:

### 1. Sensormatic® Supertag I in black and grey

### 2. Sensormatic® Supertag II in black and grey

### 3. Sensormatic® Supertag III in black and grey

### 3. Supertag Pins

# Sensormatic® Supertag Series

## Specifications

### Features

Top-of-the-line AM technology	●	Designed with unique lines	●
Robust clamp mechanism	●	Enhanced Detection Range	●
Each tag is accompanied by its own pin	●	Black or grey color	●

● Included ○ Optional

### Technical specs - Supertag I

Category	Like new
Width	30 mm
Height	87 mm
Depth	19 mm
Weight	13 g
Operating temperature	Up to 60°C / 140°F

### AM specifications
