

# PREMIUM RF Paper Labels

## RF tag

Our general-purpose labels are crafted from premium, thin security paper, specifically designed to be self-adhesive. Ideal for a range of products such as packaged food, cosmetics, and pharmaceutical items, these versatile labels offer a dependable solution for source tagging.

### Benefits:

- Shrinkage reduction
- Employs advanced radio-frequency RF technology for superior performance
- Designed as an adhesive label for versatile application on a variety of merchandise
- Exhibits high adhesion and resistance to handling, ensuring secure attachment
- Allows for hand application for ease of use
- Enables source tagging, allowing for application at the packaging place
- Presented in a discreet white color, ensuring it blends seamlessly with a variety of product aesthetics
- The faux barcode variant mimics an inventory code, subtly masking the anti-theft nature of the label, thereby adding an extra layer of security
- And much more!

### Applications:

- Loss prevention at retail stores
- Source tagging implemented at the manufacturing stage

# PREMIUM RF Paper Labels

## Specifications

### Features

Employs advanced radio-frequency RF technology	●	Enables source tagging	●
