

Sensormatic® PowerPad AM AM deactivator

The Sensormatic® PowerPad AM efficiently deactivates
the AM tags affixed to merchandise

Sensormatic® PowerPad AM

AM deactivator

The PowerPad AM is a sophisticated acousto-magnetic (AM) deactivator, proficiently designed to deactivate AM labels at up to 15 cm. Its efficiency and rapid operation facilitate high throughput speed, thereby minimizing checkout duration. The PowerPad's versatile design allows for multiple installation options, including on the counter, beneath it, or seamlessly integrated within it.

The PowerPad Pro deactivator operates in conjunction with the ScanMax or ScanMax Pro controller. Additionally, it can be utilized with the Sensormatic® key switch, a feature that enables the deactivator to be turned off while remaining powered, thereby enhancing operational flexibility.

Refurbished units undergo a rigorous process of testing, cleaning, and repainting, as necessary. Any defective components are replaced to ensure optimal performance. A comprehensive 12-month warranty takes effect from the date of installation, covering both parts and labor, underlining our commitment to quality and customer satisfaction.

To ensure optimal functionality and safety, installation by a certified professional is required.

Benefits:

- Shrinkage reduction
- Label deactivation speed up to 200 cm/s (80 in/s)
- With efficiency and speed, it ensures high throughput and shortens checkout times
- Operated with a key switch for easy functionality
- Adapts to a variety of installation preferences
- Signifies power status and confirms successful deactivation
- Housed in a shock-resistant plastic case for enhanced durability
- And much more!

Applications:

- Loss prevention at retail stores

Main components:

1. Sensormatic® PowerPad AM

2. Sensormatic® ScanMax Pro controller*

3. Sensormatic® Key switch

*Sensormatic ScanMax or ScanMax Pro is required.

Sensormatic® PowerPad AM

Specifications

Features

Visual indicator deactivation	●	Provides fast deactivation of AM labels	●
Provides audio feedback	●	Housed in a compact casing	●
Mounting: flush mount, under table, or tabletop	●	Operated with a key switch	●

● Included ○ Optional

Deactivation range

Deactivation range	Up to 15 cm
Deactivation speed	200 cm/s (80 in/s)

Technical specs

Category	Refurbished
Width	170 mm
Height	56 mm
Length	390 mm
Weight	8.9 kg
Power	120 V (necessary power cable included)
Operating temperature	Up to 40°C / 104°F

AM specification

Operating frequency	58 kHz
Technology	UltraMax acousto-magnetic technology
Supported tags	All APTQ AM tags and various AM tag suppliers

Package contains

1x Deactivator Sensormatic® PowerPad AM
1x Sensormatic® ScanMax or ScanMax Pro controller
1x Control cable of 4.2 m
1x Sensormatic® key switch

Product reference

SKU	AM-DEASPP-R
